

Civil and Allied Technical Construction's initial involvement at Adelaide's major northern broad acres subdivision at Mawson Lakes was in 1997. Our firm has continued exclusive involvement at Mawson Lakes with Delfin Lend Lease.

Other major estates include the establishment of the Town Centre, Mawson Central and The Bridges together with the The Sanctuary, Shoalhaven and Cascades along the Mawson Connector. Salisbury Highway upgrade works continue our major infrastructure involvement at Mawson Lakes.

The excellence and high standard of quality achieved has strengthened our firm's history and aided our involvement in many other similar projects.

QUICK FACTS

- >> Located in the Northern Suburbs of Adelaide
- >> CATCON involved in the development since 1997
